*Athletics and Operations Manager*

---

Welcome to May! I would like to start off by sharing what's going on at The Resort. As most of you have noticed the pool has been drained, power washed, and acid washed to give it that crystal clear and bright blue color when it is filled. We take pride in having the most beautiful pool area and truly appreciate all the compliments that you as members have provided over the years. With that being said, I'd like to give a shout out to Nick Schueth (Our Buildings Maintenance Manager), he is the best in the business. Nick has spent a lot of early mornings on the pool deck, scrubbing, cleaning and troubleshooting all facets of the pool operation. Thanks again Nick!

This past Winter, we started a fairly tedious construction project on the Resort balcony. This project has been 90% completed and was to provide a new water barrier to the outside edge of the balcony. It included a new internal water system, exterior panels and is sure to provide a fresh clean look for outdoor dining and the pool season. Thank you to those members that helped with this project, their expertise, personal time and knowledge is appreciated.

Throughout the entire building we've made some tech advancements in our computers, phones, TV's and music systems. We've also started to do some touch ups to painted areas which include the Dive Bar and Gym. I am really excited for our new TV's on the Resort Balcony – the best and brightest outdoor TV's!

Most recently, we reconfigured the routing from The Resort building to the first tee box on the short course. Our old golf cart bridge was showing signs of wear and tear and needed to be removed. This newly designed cart path will be able to get those of you walking to either the putting green/chipping area and first tee box a little quicker!

Lastly, and probably the most important aspect of what's going on at The Resort this Summer is the staff. Over the next couple weeks, you will see some new faces and of course those familiar faces. The familiar faces are what keep this place running, and they're all very talented employees. We hope to provide an exceptional experience for you and your guests.
